What is a Virtual Duathlon race?

A Virtual Race is a race you can run at any location, at your pace, outside or on a treadmill, alone or with another person (Please adhere to Covid guideline)

A Duathlon is a run, bike, run format.

In Race 2 adults have to run 5k, followed by a 25k bike and finally a 5k run to finish. Junior distances are a 1400m run followed by a 4k bike and a 400m run.

When and where can I complete the race?

You can complete the distance above any time between Saturday 15th May to Sunday 30th May

You can complete the run and bike sections inside or outside or a mix of both for instance a 5k run outside 25l bike on an indoor turbo/exercise bike and 5k run outside.

You must complete the three sections all together one after another. Transition times do not need to be recorded but for the results table we will add all three legs of the event to make your overall time for the event.

Do I need race insurance?

As this event is not permitted, we do not require you to have insurance, but entrants take part in this event at their own risk, those who are members of Welsh triathlon will have insurance that covers them.
